

A multi-location regional clinic implemented a Remote Patient Monitoring solution in January 2020 and has experienced tremendous results. In summary:

>\$50,000
generated in
monthly claims with
+95% PAYOUT RATE

>400  patients served

~5  NEW patients added daily

80% of patients
have had positive health outcomes

60% of patients
are actively participating in the program

With COVID-19 policy changes, this clinic group and many others are now seeing even more substantial results from their RPM programs.

TESTIMONIALS FROM RPM PROGRAM LEADERS

CoachCare has been instrumental in helping us roll-out a successful RPM program with high patient volume and a high claims success rate.

Both our providers and patients rave about using the platform. It is generating a lot of revenue for our organization with high satisfaction.
