
CLINIC OWNERS

I turned off almost all of my marketing and other expenses, but we decided to keep CoachCare because it was too valuable right now.

DR. JASON O.

Owner of Multi-Location Weight Loss Clinic

In large part I am counting on CoachCare to help get us through this difficult period [COVID-19].

DAVID N.

Owner of 2-location Weight Loss Clinic

The app...is helping us manage the COVID-19 crisis.

RIEYLN H.

Owner of Integrative/ Functional Health Clinic

PATIENTS

I really like the accountability of this app. It keeps me on target each day.

The app is awesome. Very easy to use. Connects well with the virtual scale.

PATIENT FEEDBACK PROVIDED BY MARCIE A., Health Coach at a Bariatric Clinic

COACHES

I was worried about this patient in New York because of her limited food access right now, like she can't get amazon delivery for two weeks. She is relying on the farmers' market. She has done extremely well but had to adjust some things every day, but because of CoachCare we have been able to stay in constant contact. I can see what she had on hand to eat, and pick and choose. I don't know that I could have coached her the past 30 days without CoachCare.

We have gotten phenomenally good feedback from all the individuals who use CoachCare. CoachCare is providing daily accountability. It allows me to see what they do every day, how they're doing, if they get into a situation with a stall.

TONI S., Health Coach at a Multi-Location National Clinic

We are so grateful for...your premiere video conferencing capabilities...it has greatly enhanced our remote client visits.

BETH M., Health Coach at a Multi-Location Regional Clinic

I have been looking for a way to keep in front of my clients on a daily basis and coach them through their favorite past time, their phones! I love that my clients can easily log their food and exercise, weigh in regularly, I can see how they are sleeping, their daily steps, and more. Thanks for onboarding us so quickly and answering all of our questions.

SARAH T., Health Coach at a Nutrition/ Wellness Clinic
